EXPERIENCE

Cybersecurity Intern

University of Ghana

📅 01/2024 - 04/2024

- Assisted the Head of Security in monitoring network activity and conducting vulnerability scans, helping identify and report 15+ potential threats
- Supported log analysis and alert triage, contributing to a 25% faster incident response time during the internship period
- Documented and organized cybersecurity procedures, improving knowledge sharing and team onboarding
- Collaborated with IT and security teams on honeypot simulations for educational demonstrations, increasing student participation by 40%

Software Developer

Intelligent CyberAttack System

📅 01/2025 - Present   📍 Remote

- Designed and developed an **Intelligent CyberAttack System**
- Building user-friendly interfaces for Checking logs, intelligent display of threat percentage, and Quaranting of suspious logs
- Ensured mobile responsiveness and cross-browser compatibility
- Collaborated with a group of UI/UX designers to improve, resulting in a 70% increase in user retention during testing

VOLUNTEER EXPERIENCE

I2C Innovation to Creation Program

- Participated in the i2C Innovation to Creation Program
- Led on a tech startup concept

ISC2 PROGRAM

- Completed the ISC2 Certified in Cybersecurity (CC) program at Slam
- Promoted cybersecurity awareness
- Supported peers with learning resources

Projects

- Honeypot System for Attack Detection
- Vulnerability Testing Tool
- Food Ordering Website
- Intelligent CyberAttack System

PROFESSIONAL SUMMARY

Cybersecurity and Software Development Enthusiast with 1 Year of Hands-On Experience in vulnerability testing and Software development, expert in problem-solving and log analysis. Key achievements include identifying and reporting over 15 potential threats during a cybersecurity internship, and building an **Intelligent CyberAttack System** increasing system protection by 82% on a Quaranting Logs . Seeking a NSS position at your company, where my Software development skills can support your mission of upholding core values such as Respect, Integrity, Collaboration, and Innovation.
